

GORBA NEWS!

PRESIDENTS REPORT.

Welcome to what looks like a great year of off roading with events calendared for the middle of each month. A good number of our members have indicated that they are going to compete in all our club championship events so this makes it look like a very exciting year for GORBA. To add to this the new complex area (Dandos rd) has passed another major hurdle by passing its environment evaluation. We are hopeful to start track works there at the end of the year.

I hope all our members are using the web site to keep up to date with club matters as Alice is doing a great job keeping the info fresh. I have had 2 enquires for potential members through the web site so the general public must be finding it to which is good news.

See you at the first event Dicko.

EDITORS SAY.

Welcome back and i hope you all had a happy Christmas and a merry new year. We are back doing the news letter again so if you have any info to put in the better the news letter will be, also if you have anything for the web site including photos Alice is trying to set up folders so should be able to get them on in the very near future.

First off congratulations to David and Alice and Daniel and Mardi for getting engaged we all wish them well for the future.

The year ended well with a successful test and try day and break-up. Congratulations to every one who received trophies on the night.

Once again we went to Portland for Christmas, I now see the need to carry a spare tyre or 3 for the trailer. It was good to see some new faces down there this year and we hope that they had as much fun as we did. For more info on what happen down there go onto the web site.

So far we have 2 social events on for the year. The air show and beach day (keep reading the news letter for more info) Dean thinks the club can do a lot better than this (even though he is planning to go to both) so would love some ideas on something to do with a bit more oomph.

Dean and Brooke

Beach Day.

There is a beach day on again on the 29th of March at Point road Knight (same place as last year).

Bring some lunch and enjoy the day down at the beach.

We will be there from 11am.
